## FAQs

### Why is ideaBooks so unbelievably affordable?

ideaBooks VR is a quality experience at a steal. Not just that! As a part of this package, you are immune from a price rise during your next renewal!

It is true that most VR experiences are ridiculously expensive. However, we at GMETRI specialize in creating quality VR content at an affordable price by leveraging the latest technological advancements in the world of VR.

We are giving away ideaBooks VR at this price to quickly build a one-stop VR showcase for the AEC industry. Your products, duly credited, will also be on display in our showcases for Homeowners, Builders and Architects. We want you to see what we see, get excited, realize the potential of immersive VR and move your entire catalog to ideaBooks VR!

### What am I paying for, really?

ideaBooks VR is your pocket Experience Center!  
Your Sales teams don't need to carry bulky brochures and catalogs anymore.  
Handout experiences instead of brochures, and amaze your clients.  
Still not convinced? Check out ideaBooks in action at [g3d.in/tryib](http://g3d.in/tryib)

### What do I get by signing on now?

You become a part of all our PR campaigns.  
Your products get featured in showcases of some of the biggest builders in India. Any leads generated through these showcases get directed to you for NO additional charge. Also, you get a sharable VR e-brochure for all your stores!
